Main Street 16' Gas Main Project

Date: Friday, May 16th, 2014

Upcoming Work Week of: May 19th thru May 23rd

Expected Location: Main Street and Anderson Avenue

In an effort to keep our community informed of the changing traffic conditions on Main Street the Fort Lee Police Department will be providing weekly construction updates. The Gas Main Project is currently underway. The Force Main Sewer Project has not been started. Traffic patterns are subject to change based on the work being performed.

The construction company for PSE&G has temporarily stopped work on Main Street. Certain Stakeholders who are involved in this project will be meeting in the middle of next week in an attempt to resolve certain issues they are currently facing. The construction company for PSE&G has advised they expect to continue work on Main Street after Memorial Day, May 26th. We will keep the community posted if anything changes.

We would like to thank everyone in advance for their patience while this necessary work is being conducted.
